Attendance: All parts of the class are **Mandatory**. If you miss class and you do not make contact with the instructor you might be dropped. Email me, voice email or call me if you are having trouble coming to class. **DO NOT schedule work at the same time as lab.**

Exams & Quizzes: Midterms are 100 points each. The final is worth 200 points. All points are used in calculating the final grade. We will use all of our data, and we will not drop exam or quiz scores. At this time I do not intend to give unannounced quizzes. Please Note: **Exams and Quizzes May Not Be Made Up**

Grades : You must pass all portions of the class to get a passing grade for the semester.

? **Lecture (Exams & Participation)** = 70%

? **Lab Write Up's & Quizzes** = 20%

? **Problem Solving** = 10%

There is only a final grade, and it will be based on percentages. If you want to know how you are doing in the course keep track of your points. I do not assign grades to individual exams, quizzes or labs.

The percentages are 90-100 A, 80-90 B, 70-80 C, 60-70 D

If a student gets 89% , and has good attendance and participation points I will give that student a A.

ACADEMIC HONESTY: I intend to enforce the ethical standards of the college. The largest reason is because if you cheat in your education, you cheat yourself. If you get an excellent grade in a class that is not right for you, you could make the wrong decision about your future. The California Community College system is the best deal in California. Take advantage of this opportunity, **DO THIS FOR REAL.**
